### WILL MAKE A START

Board of Public Works Ordered To Proceed

BRIDGE ABUTMENTS

As Wealthy Avenue at a Probable Cost of \$12,000-Bridge Impector

There was scurcely a riffe on the sur face of affairs in the common council last night. The report of the committee on bridges, in which two of the committee recommended the employment of a new man as bridge inspector and the discherge of the former incumbest out apparent cause, made a slight bance, but it was soon quieted, idents on Collins street asked for er. Heterred to the committee on

Residents on Kanson street asked for change in the grade line of that reet. Referred to the board of public

works.

I. M. Weston objected to the cutting down of a tree in front of his property on North Division street. Referred to

the committee on street. Referred to the committee on streets. Hesidents on West Division street asked for a low light. Referred to the committee on lighting.

A long petition asked that S. Simmons be granted a permit to peddle, as he is too poor to pay the \$50 license. After considerable debate the case was referred to the committee on poor.

Comptroller's Report. The comptroller reported bills calling for sums from the various funds as fol-

Total wereast.

A bill of John Ross for services as beidge inspector, was stricken from the roil and referred to the city attorney. The balance of the roil was adopted. Comptroller Caro submitted an improved plan for paying witness and purors' fees from police court. Referred to the committee on ways and means. The board of health called attention to the closed condition of the canal at the head of the steamboat channel. The marshal , was instructed to open the same.

Referred to the aldermen of

The committee on parks recommended that a contract be made with the Granite Sione company for walks about the rations parks. Tabled for one week to allow the aldermen time to look about the parks and see what necessity exists for the building of cement walks.

That Bridge Trouble.

The committee on bridges recommended that John Ross be employed as bridge inspector in place of Thomas Eurrett, whom the committee discharged inst week. The report was adopted by a vote of 14 to 5.

The following rolls were confirmed: Buckeye street sewer, Terrace avenue sewer, Ransom etreet sewer, Hollister street sewer, Eureka avenue sewer.

Will Build Abutments.

A resolution by Alderman Mills relative to the construction of abutments for Wealthy avenue bridge was taken from the table and was adopted. The work will cost about \$12,000, but it will permit West Wealthy avenue to be graded up to the abutments. The abutments are to be constructed to support a sound bridge without a draw.

Alderman De Graaf moved that the murchal notify the board of health to instruct the man on the dump ground to see that the rubbish is not dumped near the fresh water channel at the head of the island. Carried. Will Build Abutments.

Charles Fox as starter, Fred H. Ball referee and Peter Doran and Charles Annin as time keepers. A one-fragely half been and charles Annin as time keepers. A one-fragely mile dash for single sculls has been mile dash for single sculls has been the program of events. Fred H. Itall having presented a hardsome medal for this race. None but members and half guests and those having tokets of admission will be admitted to the bouthouse. The races will commence at in m. share.

mence at 3 p. m. charp.

The entries for the events are fours, doubles, pairs and singles, and are as

First.-W. A. Rowen, captain; Charles McQuewan, A. Carroll and George F, Reid.

Second J. W. Halcombe, captain; Fred Parkins, Harry Perkins and Will

Third Archie Surgeant, captain, Ed Hall, Fred Hyman and W. M. Barnes Innhis A. Carroll and Charles Mc

Pair-Will Simmonds and J. W. Hal-Singles W. A. Bowen, Ed Hall, J.

Seven posity gold medals have been put up by Warree Swetland and E. Crofton Fox, and some good rowing is expected as the contestants have been pulling the ours every evening for per-

POWERS IN RECOVERING.

The Man Struck by Patrolman Brows Has Regained Conscionances.

It was reported restorday afternoon that James Powers, who was street over the head Sunday afternoon by Patrolomin W. H. Brown on West Fulton, had become suchbody worse and was living at time point of death in his home at No. 87

learned from him that he had regained consecuousness and was recovering nicely. He said his brother was complaining of a severe pain in his stomach, the result of a kick given by the officer when he was making the arrest. The patrolman said he did not kick him and struck him but once with his ciub. He thinks the charge that he kicked him in the stomach is made for a bluff to frighten him. He says he sincerely hopes Powers will recover. West Fulton street was one of the most orderly police beats in the whole city yesterday.

ALL POR A DOG.

Under Sheriff Davis' Skye Terrier Brings Him Many Letters.

Horaco W. Davis lost his favorite blive terrier about a month ago and has searched differently to find a trace of it. Last week he had several thousand cards struck off conjaining a photograph of the canine and sent them out through the mail to persons who would be likely to hear of or notice such an animal. The cierks and officers about the court house put up a job on the genial under sheriff last Saturday. Each person, on the inside of the joke, drew the picture of a dog and enclosed a long letter to Mr. Davis asking if the enclosed picture was a fair representation of his lost pet. Mr. Davis received the letters yesterday. His feelings can be better imagined than described, as he kept them carefully concealed. Horaco W. Davis lost his favorite

OUR BOYS' SAFETY.

A Splendid Machine That Is Offered Free for Sixty Herald Subscribers.

The Young America 815 Long Dis-tance Safety is made of steel and wood so combined as to secure the lightest so combined as to accure the lightest and strongest machine. The frame and wheels are made from the best quality second growth hickory, which is selected instead of steel for these parts because it combines great strength and tough-ness with lightness.

An all-steel machine made heavy

enough to withstand the hard usage to which it is subjected is so heavy as to be a serious drawback to its universal use by young people. Again, the steel ma-chines, without the greatest care being taken to keep them clean and dry, soon become rusted and therefore easily broken; whereas a machine made of steel and wood will not suffer from ex-

posure any more than a carriage.

A hickory framed and wheeled safety is not only more durable and lighter, but it is much more elastic, and the loss of the vibration and rigidity found in the ail steel machines makes these steel and hickory machines more comfortable for riding than any other machine made. for rising than any other machine made. The cushioned seat is suspended on our patented spiral spring, adjustable to varying heights and weights, and this, in combination with the hickory frame, makes the easiest possible riding machine. The sprocket wheel chain is perfectly adjusted, so as to utilize the full amount of power expended, and is made so strong as to be practically unbreakable. The patented head, found only on this machine, is a triumph of Ameriable. The patented head, found only on this machine, is a triumph of American ingenuity, and makes the wood and steel conjunction perfectly strong and tirm. For these parts only the best imported weldless steel tubing is used. The rubber cushion tire is secured to the wheel rim in such a manner that it is guaranteed not to become detached

guaranteed not to become detached of loose. The wheel bearings are a brass collar so delicately adjusted to the steel shaft as to reduce the friction to a minimum, and render the usual ball bearings superfluous. The principle upon which they are made is the same as is used in constructing heavy maupon which they are made is the same as is used in constructing heavy machinery, where the greatest amount of work must be secured from the least expenditure of power. The entire machine is finished with a heavy coat of glossy black enamel, making a finely finished solid surface, which, when lightened up by its delicate striping and nickeled head frame, makes a most beautiful machine, which for tasty appearance as well as positive durability and general wearing qualities is absolutely unexcelled, if equaled, by any machine offered. The quality of materials used and the workmanship are fully guaranteed in every particular. Read The Henalth's add to learn how to get a machine free.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditures, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, bendaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
